This is for those who can no longer take the stand against drunk driving and MIP's. We need to do what we can, when we can do it. That is why I accept Mariah's Challenge.

I want to also thank the MCarthy family for the strength and encouragement for all they have been through. I have Three daughters who I Love and Cherish more than anything in the world and two of them are going to Butte High and knew Mariah and they spoke nothing but Good things about her and we all went to sight and payed our respects for her. I am a strong supporter in anything that helps people to keep from people and alcohol I served 15 years in the Military and there is Zero tolerance for such hanious behavior of this kind. So I send you and your family a BIG BLESSING from GOD to help comfort in and around all that you are in and around forever and ever Amen.

Your Friends The Lane Family of Butte

Thank you Leo and Janice for the t-shirts and wrist bands that you brought us at First National Bank. We love them and are planning on wearing them on a Friday to show Butte and our customers that we accept Mariah's Challenge. I really think of Mariah each time I drive by the walkway and each time I think about a party that I am attending. I feel that adults should accept this challenge as well as youth. We are examples of our youth and they learn from us. I have lost many friends to drinking and driving and I have been out of high school for only 8 years. I truly remind people that a young girl passed away because of a person that just didn't think. I really accept your daughters challenge and I will continue to spread the word. Thank you again and you are doing a wonderful thing and Mariah would be proud. Kristy Hoar

I took this pledge a very long time ago,(50 years ago) when I was 7 years old and already heartily sick of seeing the terrible damage caused by the drinkers and their victims.

I accept Mariah's Challenge to set a good example for my three children. I can not imagine my life without one of my children. My heart goes out to the McCarthy family for having the courage and strength to turn such a nightmare into something positive for families everywhere. God Bless you all!

02/27/2008

this wouldnt have happened if everyone in butte didnt think it was so cool to go out and drink. i am a tech student and since i've lived here, every one my age that is from butte drinks heavily. it shouldnt take the death of a little girl to turn that around. dont be stupid. you shouldnt have to take the challenge because you shouldnt be drinking anyway

i would just like to say that, it's not hard to be a good person and follow the law. i may be a 17 year-old guy, but that doesn't make me any less capable of following the law. i think this is a great idea. i'll take this challenge, since i'm already on the right track. one thing i always remember when i'm out with my friends is what one of my religion teachers told me; "it's not the use, but the abuse, that makes things evil."

I don't know if the family remembers me... but Mariah, Josie, and I were on a bowling team way back when. =] That was really the only time I had really spent with Mariah. I enjoyed every second of it though. Mariah was a wonderful person, and I'll always remember her.

I am really sorry for what has happened to Mariah and I just want you to know that I accept Mariah's Challenge.

alicia
02/24/2008

I Alicia will accept Mariah's challenge, although not knowing her I understand the problem not only in Butte, not only in Montana, and not even only in the United States, but in and throughout the whole world so I accept Mariah's challenge and I promise to be responsible, not drink and drive and not to even drink at all because what has happened is a tradgety and it should never happen again, so I apologize to her family once again for what has happened.

Krista Johnston
02/23/2008

Simply put, I cried. It's horrible, disgusting, and miserable. Nobody should ever have to loose a loved one to something as stupid and irresponsible as drunk driving. I pledge to never cause anybody that pain, and pray to never have to feel it.

i Accept Maraihs Challenge everyday! noone should be afraid to say no, saying no means saying yes to a better future and saying no means saying yes to success, and saying no means saying yes to not ruining you life. I think people should think before they say yes to drinking, it doesnt solve anything, and when you drink your problems will be right where they left off, and they won't change and drinking makes everything much worse. i will never drink!! i took Mariah's Challenge and i meant it with all of my heart!

Mariah was one of the best friends anyone could ask for. She could make you smile no matter what you felt and could brighten up anyones day. The fact that I wont get to see mariah for a while is very hard and still is unbelievable to me. My deepest sympathy and prayers go out to you guys, Leo, Janice, and Jenna. We invite you to speak about that part of Butte's heritage that needs to Not be continued, at our Handing Down the Heritage Show on St. Patrick's Day evening. It is an anual show we established 10 years ago as an alternative to the situation that has developed in uptown Butte. It includes Dublin Gulch and The Tiernan Irish Dancers. Our high school dancers have all accepted the challenge as we await the return of Valerie Kilmer to the team. There is an area where the T-shirts and bracelets can be sold and a time for you to speak to the audience. It seems like an appropriate place to address this issue and build up Butte on a night when some come to town to try to tear her down.

02/17/2008

Hey my name is Monica and Nicole Bennie is one of my best friends and Mariah was her cousin. So when Mariah came to Spokane we would play and do things together. She was so fun, nice and gorgous. When Mariah was killed it was horrible and sad to our whole family. Even my grandma remembers Mariah. The funny thing was that we used to fight but as we got older we became good friends. My sister are both really sad and we try to help the Bennie's as best as we possibly can. We miss Mariah and our whole family Accepts Mariah's Challenge. Keep up all of your good work to help with the the Challenge. I am proud to say that I wear my bands every day and answer questions about the challenge. You are all in my prayers! I love you all! I accept Mariah's Challenge. I know and understand how alcohol and drug use have affected our young children. I will help to get our message to all K-12, and higher education students. I truly believe there needs to be change on how we as adults accept the status quo. We need change and we need it now. Please let me know what I can do. I continue to see our youth at risk, and I know I need to step up.

David
02/17/2008
I think that alcohol is a big problem in Butte and has been for many years. Teens need something fun to do other than drinking. Many of our hollidays are based on drinking and it leaves the rong impression on our youth.

When I was 13 a 21 year old that I thought was really cool died from drunk driving. I vowed that day never to drink, and I am proud to say I kept that promise. Its an honor to continue that promise by accepting Mariahs Challenge. Its not always easy. Peer pressure from friends is the hardest thing to handle. Good Morning,
My husband and I are the parents of a 7 year old son, an two year old son and hopefully one on the way soon. The tragic loss of your daugther has weighed heavily on my mind since that awful night. As parents of young boys we accept Mariah's challenge to educate the youth of our commnunity, and provide a strong awareness, not just of underage drinking and driving but drinking and driving in general.

I didn't even know Mariah, but i still read stories today, almost 4 months later, and cry. I can only imagine the pain this has caused and i wish all her family and friends the best.

Jeanette Kappes
02/14/2008

Mariah paid the ultimate price. As a parent myself, I cannot even fathom the deep level of pain that comes from losing a child, much less from a drunk driver. My heart goes out to her entire family and circle of friends. Although I cannot begin to understand your loss, I do understand how important this challenge is and that we all have to stand up and be an "activist" in the name of Mariah. I can tell you that my 13 year old son reads this site every day and told me about it. I accept Mariah's Challenge with the UTMOST PASSION of NOT EVER drinking and driving. Her death affected so many. She did lose her life in a split second of someone making a bad choice. But, I have to believe with all my heart that she has saved thousands of lifes already by her message. May God Bless Mariah and her entire family!

Heather Ricketts
02/13/2008

I think this is an amazing oppportunity for the Butte community to band together and stop underage drinking. It's also the time for all of to start taking responsibility for our each other and saying this needs to stop before anyone else's daughter, son, brother, sister, cousin, mother, father, etc is killed by a drunk driver. My prayers go out to all the families that have lost a loved one to an alcohol related accident.

I accept Mariah's Challenge. I think we should make the drinking and driving the thing of the past in Butte Montana. Yeah every high schooler's personal response about Butte is "We've got the reputation of being drinkers so let's keep it going." Butte needs to make a change. The only way we will be able to do this, is with us. We can make the change. Everytime I see someone that I know still drinks I say "Aren't you going to stop?" You should accept Mariah's Challenge. Well come on Butte let's do it. Let's work and try really hard at stopping DRINKING AND DRIVING. It's not good.

Pamela Hanson-Deichl
02/11/2008

It is a saddening thought to know that it took the death of a beautiful Butte teenager to bring drinking and driving to light for our teens and for us as adults. I sign this challenge to be an advocate for Mariah's Challenge and to show my two beautiful children that I care and love them! Thanks to all who have worked countless and long hours/days/months to get the challenge off the ground and running strongly. May God Bless All Of You and Keep You Strong.

I accept Mariah's Challenge. She was a wonderful girl that didn't deserve this. I accept the challenge to not drink under the legal age. We need to be the first graduating class without any MIP's. We are all going to miss Mariah so much. And we do not want to have to go this again, and the way to prevent that is to NOT DRINK AND DRIVE! It can hurt so many people. Just look how many people this tradegy affected. So I accept the challenge to never drink under the legal age and to never abuse drinking once i come of age.

I have always thought of Butte as a town that can combine together to accomplish anything; from saving our annual fireworks to caring for our neighbors. Now we are a community that is setting an example for the rest of the state by saving our youth! I am so excited to see this support grow and I hope you can have continued strength to get past the negativity to see everyone around you that is in full support. I keep Mariah, the McCarthys, Kilmers, and Okruschs in my prayers several times a day. I think you are doing an amazing job and have already created a successful image of the new Butte! having an 8 year old daughter and a 3 year old son, it is definitely going to be a trying experience dealing with kids on the issues of drinking and drugs. especially in the traditional city of butte. growing up in butte, i know first hand how hard peer pressure is to deal with in this city. therefore we are willing to deal with not only our kids, but our kid's friends if they want someone to listen to. hopefully we and other parents never have to deal with what the mccarthy family has endured.

I think is the best thing that has happened to Butte in a long time. What better way to celebrate the life of a beautiful young woman than to make sure it never happens again. I accept Mariah's Challenge

Mariah – I have waited until today to sign this amazing guestbook. Tomorrow we travel back to Butte to witness what you have started. Me, Auntie Karen, Bear and Colie are eager to begin spreading your message. Mariah, I do not doubt that you gave your father the courage to issue your challenge on a day that the town mourned... Leo could have easily crumbled just as any one of us would have, but with your hand on his shoulder, he was able to deliver your Challenge in such a way to inspire others to join your cause. You have been and will continue to be the driving force behind this movement. Mariah's Challenge will save lives. You are missed by many but we know that you are here with us and you will not be forgotten!!

We continue to have problems finding a purpose, but if Mariah's Challenge is the purpose of this senseless loss of an amazing young woman, then we all need to embrace this purpose by Accepting Mariah's Challenge, then doing everything we humanly can to ensure its success... I Accept Mariah's Challenge

This guestbook is a wonderful example of Butte people pulling together. I no longer live in Butte, but I accept Mariah's challenge not only for myself but also as a parent to educate my children on the dangers of drinking and driving. I speak to my children all the time of the dangers of alcohol and drugs. It is also important to teach our kids not to drive with someone that has been drinking. Does Butte have a program in place to escort drinkers home? Perhaps this would be a place to start. If more bar-hoppers had a choice for an affordable designated driver program, less people would drink and drive. Kudos to the extended McCarthy Family and friends for taking a stand against drinking and driving.

This is not just a problem in Butte. I accept Mariah's Challenge! I will raise my children to understand the responsibility that comes with making decisions with alcohol.
