I also have felt the pain of losing a loved one caused by a drinking and driving accident. Ciara was also filled with the same energy and love that you describe in Mariah. I am very touched by your movement and the message that you are sending to the youth of your town. I wish that I could find the strength that you have in dealing with this tragedy in such a positive way.I wish your family the very best and may the memory of Mariah live on forever.

I accept Mariah's Challenge. I have lived in Butte all my life and was brought up the way every typical teenager was. That drinking was ok. I have a two girls, Freshman and Sophmore at Butte High and I think its time every one takes a step forward for our youth. If we dont do it who will.

such a sad but true story of what can happen to anybody and everybody on a day to day basis. you never know what will or when something will happen. it affects everybody, no matter how small or how great what happens is. it's like the song Untitled by simple plan. this song shows how drastic an accident can affect people friends, family, nieghbors, and whoever has to deal with the mess you make. its sad and a big, bad problem. thank you for helping all of us understand.

I know I will never drink and drive because I'll never drink! My sister's best friend was hit by a drunk driver and later died as a result of the crash. He was a good guy, an athlete, and a good friend to everyone that knew him. He had never touched a drop of alcohol in his life. His family and my sister were heartbroken because of someone else's decision. I support Mariah's Challenge whole heartedly! DON'T EVER DRINK AND DRIVE!!!!

its so sad how many people die a year from drinking. i wish that the government would ban all alcohol completely. my grandfather used to drink and smoke when he was young. he doesnt any more but what he did in the past is seriously influencing him now. he has emphysema and is on oxygen. his immune system is so weak that he cant do anything. its so sad about mariah. its hard to lose family members over other peoples stupidity but not all people are bad they just do bad things even if it means hurting themselves or others

Dear Leo, Janis and Jenna,
EMS launched our Mariah's Challenge today and what a success!!! My Student Council kids sold well over 120 T shirts and I lost count of how many wrist bands. We also collected all week for Millions for Mariah. It made me proud to look in the Cafeteria and down the halls and see all of the support for Mariah. Her picture still sits proudly behind my desk. You're always in my thoughts and prayers. Love always, Laurie

I am the mother of a wonderful young man who was severely injured in a motorvehicle/ motorcycle accident. He was just passed his 15th birthday and ready to take his test to receive his driver's license. He never made it to that test day. Although his accident was not the result of alcohol use, nonetheless, the resulting life-long injuries have affected his family forever. The words "traumatic brain injury" meant nothing to us before, but now have become a daily part of our lives. NOT drinking and driving, WEARING a helmet, BUCKLING up in a vehicle are the messages that are desperately needed to be heard and heeded. I personally know the pain of the McCarthy family. To coin the over-used phrase - "been there, done that, don't want to do it again". I am a member of the Butte Chapter of the Brain Injury Association of Montana and I have served on the Governor's Advisory Board for Traumatic Brain Injury. I accept Mariah's Challenge. What can I do to help?

I think that Mariah's Challenge is a GREAT idea. I really love that you are trying to get all of the teens here to realise what can happen. I think that it is pretty bad when it takes a death to bring realisation to teens everywhere, but I am Sorry for your loss and I accept Mariah's Challenge knowing that Drugs and alcohol aren't a good way to live. As I said before I am sorry for your loss and I think it's great that you can just come out with your story to get the word across to us teens. Keep up the good work! It only takes one person to change the lives of millions everywhere! (Your like a super hero!)

Dear Leo and Family,
I have been to this website before and fully support what you are doing. I once again offer my full support and willingness to help in any way possible. I have a lifetime of dealing with alcoholism and AA and Al-Anon. I currently speak to 30-70 people one weekend per month at Montana Chemical Dependency Center in addition to bringing Al-Anon meetings to that facility two Saturday's per month. So if I can help in any way, please let me know. I would be thrilled.
The main reason I am writing is to share that my 10 year old son came home the other day and out of the blue asked me what he needed to do to accept Mariah's Challenge. I am going to get him on this website and show him, but I wanted to let you know you are reaching people of all ages and I am soooooo incredibly grateful. It is God's work you are doing.. Thank You!!

this community will have happened. No parent should ever feel the pain of losing a child. I accept Mariah's challenge for myself and to set a positive example for my girls!

Getting drunk is pretty much what they live for. They take bone head classes and really have no corse for their lives. I want to make a difference in our community and exspecialally make some thing of myself.

Nate Treacy
04/03/2008

I accept Mariah's Challenge because of what happened to Tiffany, my girlfriend. She was hit by a drunk driver as well. I can't fathom that some people in this town, even at our high school, still drink and drive. It makes me sick. The punishments need to be more severe and the community needs to stand together and end drunk-driving for everyone's safety. It needs to end. We can't just set a date for it; it is a day-to-day challenge that must be overcome to save lives of those who do not deserve the nightmares that this kind of negligence can bring.

i found this poem and when i read it i thought of mariah. i just thought i would share it with you.
A thousand times we needed you
a thousand times we cried
If love alone could have saved you
you never would have died
a heart of gold stopped beating
two twinkling eyes closed to rest
god broke our hearts to prove he only took the best
never a day goes by that you're not in my heart and my soul.
