

Mariahs Challenge

Dear *Leo McCarthy & Family*

This may not be written the same as the other thank you letters, but I do wish to thank you for the opportunity to continue school with help from the scholarship. I have always been taught that drinking is bad and not to do it especially after your presentation at my school, which truly helped me not ever want to drink. Thinking back on the days you would give presentations explaining why or how everything happened, I want to say that I am sorry that all of what has happened, and I can't stop everyone from drinking, but I will help push people toward the right direction of not drinking.

This scholarship opportunity truly means a lot to me as everything you have done for the community as whole means a lot to everyone to me as well, I truly appreciate everything you do, and knowing that you are a full believer in what message you put out there will push everyone to think about never drinking again.

Thank you for the acceptance of the Mariahs challenge Scholarship as it will help focus more on school rather than working to pay for school so I could keep my grades to high As to the best of my ability.

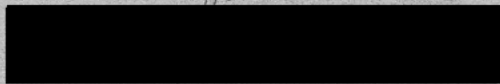

I will continue to focus on school and stay out of trouble! I wish you the best of luck with everything you have going on and I will help out with anything if you ever need anything to reach out and I will be there.

Dear Leo,

I just wanted to drop you a quick note to say thank you for presenting at this years TIP Lock-in. As always your presentation was right on target & made an impact with the 8th graders.

Sincerely,

Dear Leo + Family,

Thank You So Much For Awarding Me
The Maddah's Challenge Scholarship. It will
Help Me So Much. Thank You For Everything
You Do. I Can't Thank You Enough.
Thank You!
